USAGE POLICIES; PLEASE NOTE:

The Hawaii Theatre maintains an inventory of technical equipment available for rent by its Licensed Users. Rental rates are competitive with local vendors offering similar equipment.

The use of equipment and properties from The Hawaii Theatre manifest requires additional charges. Licensed Users must secure competent and experienced crew to install, operate and remove such equipment. The Theatre Technical Services & Facilities Manager and/or Production Manager must authorize such crew personnel prior to the load-in of each show. A crew reference list is available through the Theatre Production Office.

Licensed Users are responsible for damage to Theatre equipment resulting from improper use by crew or talent. Appreciable charges will be assessed for equipment returned damaged.

The Hawaii Theatre does not allow mixing of house equipment with an outside inventory of identical items.

An estimate for stage equipment rental is available to Licensed Users upon receipt of a written manifest request and technical schedule. Final stage equipment settlement will be provided within two (2) working days following load-out.

Available equipment inventory should be confirmed with the Theatre Production Office prior to load-in. *All items are subject to availability.*

REGARDING THE USE OF HAZE AND SMOKE EFFECTS:

Theatre policy requires the use of WATER BASED haze and smoke effect equipment. Please contact the Theatre Production Office for more information.
